

## Tracking Student Achievement In Relation to the Provincial Standard Junior Division (Grade 6) in 2014–2015 to Grade 9 in 2017–2018, Mathematics

**School: Corpus Christi Secondary School (761182)**  
**School Board: Halton Catholic DSB (67113)**

EQAO tracked the progress of students who wrote the junior-division assessment in 2015, when they were in Grade 6, and the mathematics assessment in 2018, when they were in Grade 9. There were **33** students enrolled in the Grade 9 applied course and **200** students enrolled in the Grade 9 academic course at the time of the 2018 assessment. The pie charts below show how students in the applied and academic mathematics courses performed on the 2018 assessments compared to their assessment results in 2015. The percentages are based on all tracked students in the cohort, including those who participated, those who were exempted and those who provided no work to be scored.

<b>Applied Mathematics</b> From Grade 6 in 2015 to Grade 9 in 2018	<b>Academic Mathematics</b> From Grade 6 in 2015 to Grade 9 in 2018
<p>The pie chart for Applied Mathematics shows the following distribution: 15% (dark blue) maintained the standard, 46% (light grey) rose to the standard, 8% (black) dropped from the standard, and 31% (light blue) never met the standard.</p>	<p>The pie chart for Academic Mathematics shows the following distribution: 80% (dark blue) maintained the standard, 15% (light grey) rose to the standard, 2% (black) dropped from the standard, and 4% (light blue) never met the standard.</p>

N/R: "Not reported" indicates that the number of students participating is so small that identification of individual student results might be possible; therefore, results are not reported.

N/D: "No data available" is used to indicate that there were no students in the course.
