Ontario Secondary School Literacy Test 2013

Board: Windsor-Essex Catholic DSB (67024)

On behalf of EQAO, I am pleased to provide you with the results of the 2013 Ontario Secondary School Literacy Test (OSSLT).

This report provides the 2013 school and board results as well as results for previous years, so you can track progress over time. You'll also find demographic and attitudinal information about schools, which provides context for a deeper analysis of the achievement results.

Given that a large number of students were unable to write the test scheduled for April 11, 2013, due to inclement weather, an alternative test date was provided on May 14. The alternative test ensured all students who were not able to attend school on April 11 were provided with another opportunity to write the OSSLT this year. Since successful completion of the OSSLT is one of the 32 requirements for obtaining an Ontario Secondary School Diploma, this is of particular importance to students in Grade 12.

The alternative test was designed following the same technical guidelines as the version administered on April 11. Just like EQAO tests are comparable from one year to the next, these two versions of the OSSLT are entirely comparable as well. Both measure whether or not students are demonstrating the required level of reading and writing literacy.

Reading and writing skills are critical to success both in and out of school in the 21st century. It is important for students to become readers who can actively construct meaning from what is read and communicate in a clear and coherent manner when they write. The OSSLT assesses whether Ontario students have acquired these fundamental reading and writing skills across all subjects and up to the end of Grade 9.

We continue to advocate the use of EQAO data in combination with classroom-generated results and other information sources to develop strategies and action plans that will make a measurable difference in learning outcomes.

At EQAO we are pleased to partner with parents and educators who are working hard to help students develop essential skills and reach their full potential. I trust you will find our reports to be a helpful tool as you turn knowledge into action for the benefit of your students and community.

Sincerely,

Bruce Rodrigues

TIPS

Each board is unique. To appreciate the distinctive character of a board, look at the contextual information to understand the features and characteristics of the community it serves.

This test captures the performance of students at one point in time each year. Consider the results along with other information about students' performance.

Exercise caution when interpreting results for small boards as differences may look exaggerated. For example, in a group of 30 students, a difference of 10% represents only three students.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 10 students fully participated in 2012-2013, or fewer than 15 students fully participated prior to 2012-2013 because it might be possible to identify individual students.

Ontario Secondary School Literacy Test 2013

EXPLANATION OF TERMS

First-Time Eligible Students	First-time eligible students are working toward an Ontario Secondary School Diploma (OSSD) and typically entered Grade 9 during the 2011–2012 school year or entered Grade 10 in the 2012–2013 school year from out of province. These students were required to write the Ontario Secondary School Literacy Test (OSSLT) for the first time in 2013.
Previously Eligible Students	Previously eligible includes all students who were absent or deferred, or were unsuccessful during one or more previous administrations; were previously exempted but now working toward an OSSD; entered Grade 11 or 12 in the 2012–2013 school year from out of province or enrolled in an adult education program and began Grade 9 in or after the 2000–2001 school year.
All Eligible Students	This method of reporting provides percentages based on all students in the cohort who are working toward an OSSD. The only students excluded are those who are not working toward an OSSD (exempt students).
Fully Participating Students	This method of reporting provides percentages based on students for whom there is work for both sessions of the administration of the OSSLT and who were assigned an achievement result (successful, not successful). Students who are not working toward an OSSD, those who were absent and those who were deferred are excluded.
Successful	Students who fully participated in the OSSLT and received a score that met the expected standard.
Not Successful	Students who fully participated in the OSSLT and received a score that did not meet the expected standard.
Absent	Students who did not submit work for one or both sessions due to absence or for other reasons.
Deferred	Students' participation in the OSSLT can be deferred under several circumstances, as outlined in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> . A student is categorized as deferred only if the school indicates a deferral. If a student completed any portion of the OSSLT, he or she is not categorized as deferred.
OSSLC	Students are placed in this category of reporting if the school indicated that the students would be fulfilling the literacy requirement through the Ontario Secondary School Literacy Course (OSSLC). For details about the OSSLC, see the Ministry of Education Web site (www.edu.gov.on.ca). If a student completed any portion of the OSSLT, he or she is not categorized as OSSLC.
Exempted	Students can be exempted from the OSSLT only if they are not working toward an OSSD. A student is categorized as exempted only if the school indicates that the student is exempted. If a student completed any portion of the OSSLT, he or she is not categorized as exempted.
English Language Learners	Students who have been identified by the school in accordance with <i>English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12</i> (2007).
English Language Learners Receiving Special Provisions	English language learners identified by the school as receiving special provisions. Detailed information about special provisions is available in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
Students with Special Education Needs (excluding gifted)	Students who have been formally identified by an Identification, Placement and Review Committee (IPRC), as well as students who have an Individual Education Plan (IEP). Students identified solely as gifted are not included.
Students with Special Education Needs Receiving Accommodations excluding gifted)	Students with special education needs identified by the school as receiving test accommodations. Students identified solely as gifted are not included. Detailed information about accommodations is available in the Ministry of Education <i>Ontario Schools, Kindergarten to Grade 12: Policy and Program Requirements</i> (2011) and in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
N/R	"Not reported" indicates that the number of students participating (fewer than 10 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore results are not reported.
N/D	"No data available" is used to indicate that there were no students in the group or year specified.
W	Results for some or all students are being withheld by EQAO. For further information, please contact personnel at the board.
